

T&Cs for July-December Promo

Free Upgrade to Mitsubishi Ducted Central Heating

Build contract and/or turnkey packages, signed, confirmed, and deposit paid, in the months 1st July 2023 to 31st December 2023 shall be eligible for a free upgrade from wall mounted heatpump unit/s specified in the build inclusions to a Mitsubishi ducted central heating system.

This will be one Mitsubishi PEAD-M125JAA-S 14kw system per dwelling, with one external heatpump unit and a main controller in the living areas and a slave controller to the bedroom wing.

Venting in living areas are powder coated linear grilles (number and position designed per plan)

Bedrooms will have 1 x round eco diffuser to each room.

Should the home be larger than is recommended for the PEAD-M125JAA system, a suitable system will be designed and may include dual units or a more powerful single unit system.

The free upgrade excludes any other options such as the addition of Wifi control, Lossnay or similar ventilation systems or individual zone control options.

The free upgrade excludes contracts negotiated and presented prior to July 1st 2023.

Offer can not be exchanged for cash, credit, or alternative product.

As at 1st July 2023
