

T&Cs for February-July 2024 Promo

Free Upgrade to Fujitsu Ducted Central Heating

Build contract and/or turnkey packages, signed, confirmed, and deposit paid, in the months **1st February 2024 to 31st July 2024** shall be eligible for a free upgrade from the wall mounted heatpump unit/s specified in the build inclusions to a Fujitsu ducted central heating system.

The system provided will be designed specifically for the dwelling and will be up to a maximum of one Fujitsu 14kw ARTH45KMTAP system per dwelling, with one external heatpump unit, a main controller in the living areas and a slave controller to the bedroom wing.

Venting in living areas are powder coated linear grilles (number and position designed per plan)
Bedrooms will have 1 x round eco diffuser to each room.

Should the home be larger than is recommended for the Fujitsu 14kw ARTH45KMTAP system, a suitable system will be designed and may include dual units or wall mounted units at an additional cost.

The free upgrade excludes any other options such as the addition of Wifi control, Lossnay or similar ventilation systems or individual zone control options.

The free upgrade excludes contracts negotiated and presented prior to February 1st2024.

Offer cannot be exchanged for cash, credit, or alternative product.

As at 1st February 2024
